Summary

CSE undergraduate at IIITDM Kurnool with strong foundations in Data Structures and Algorithms (C++) and hands-on experience building scalable MERN stack applications. Passionate about backend systems and problem-solving, with practical experience in developing REST APIs and authentication systems. Currently exploring AI/ML concepts and their application in building intelligent, data-driven systems.

Education

Indian Institute Of Information Technology, Design And Manufacturing, Kurnool 2024-2028
Bachelor of Technology in Computer Science & Engineering Kurnool, India

- CGPA: 8.28/10

Narayana Junior College 2022-2024
Intermediate Education (XII – Mathematics, Physics, Chemistry) Hyderabad, India

- Percentage : 98.20%

Projects

Wanderlust | MERN Stack (MongoDB, Express.js, Node.js, EJS) [GitHub](#) | [LiveDemo](#)

- Built a full-stack vacation rental platform with 100+ property listings using MVC architecture and REST APIs
- Implemented JWT-based authentication and role-based authorization for secure access control
- Integrated Cloudinary for image uploads and MapLibre for real-time location visualization
- Developed full CRUD operations with validation, error handling, and responsive UI

TIE – Travel Intelligence Engine | MERN + Gemini API [GitHub](#) | [LiveDemo](#)

- Built a full-stack AI-powered travel planner enabling users to generate personalized itineraries using Gemini API.
- Developed secure JWT-based authentication and scalable RESTful APIs for user and trip management.
- Implemented real-time city exploration, place recommendations, and safety insights using external APIs.
- Designed features like live trip management and a smart travel alarm system to enhance user experience.
- Deployed the application on Vercel (frontend) and Render (backend) for reliable performance

Skills

Languages: C, C++ (Data Structures and Algorithms), Python, HTML, CSS, JavaScript

Frameworks: Node.js, Express.js, React

Tools: Git, GitHub, Linux, Cloudinary, MapLibre

Databases: MongoDB, MySQL

Coding Platforms: [Leetcode](#) “Strong problem-solving skills with consistent practice in DSA (C++)”

Core Concepts: DSA, OOP

Achievements

Smart India Hackathon-2025

- Secured 1st place among 50 competing teams in the College-Level Internal Hackathon, SIH-2025.

JEE Mains-2024

- Secured 97.4 percentile among 1M+ candidates.
